

International Design & Engineering Services

Fabrication ■ Field Erection ■ Project Management ■ Material and Equipment Supply

- Welded fuel and water tanks (AWWA D100, API650, API 620)
- Pontoon type CS Floating Roofs with primary or primary and secondary Rubber Seals
- Aluminum Floating Roofs that are naturally buoyant by means of honeycomb cells in aluminum sandwich panels with the following seal options:
 - Liquid mounted primary and vapor mounted secondary foam log seals
 - Vapor mounted primary and vapor mounted secondary foam log seals
 - Vapor mounted primary and secondary wiper seals
 - Liquid mounted primary only stainless steel mechanical shoe seals
- Full contact floating roofs, fully welded (or bolted) roof that is made of aluminum sandwich panels (without honeycomb cells)
 - Pontoon-type Aluminum Covers
 - Aluminum Clear-Span self supported geo-dome roofs
 - Aluminum Column supported geo-dome roofs
- Radar Type instrumentation system (wired or wireless)
- Fire Protection Systems
- Automatic Fixed Foam System and Water Cooling Rings
- Tote Foam Trailers
- CFI Rim Seal Fire protection System for tanks with floating roofs
- Tank Mixers, Heating Coils and Cathodic Protection
- ASME pressure vessels (CS, Epoxy Coated and lined including Rubber Lining, SS etc)
- Prefabricated bolted (SS, GL and Epoxy Coated) tanks with optional installation and supervision
- Supply of prefabricated elevated bolted and welded tanks
- Shop fabricated UL Tanks with associated controls and instrumentation system
- Shop fabricated Knockout Drums with instrumentation system and controls
- RO Units and Sea Water RO Units of various sizes with 8" dia and 19" dia membranes
- Modular Water and Wastewater treatment plants
- Containerized Water and Wastewater treatment plants
